

Emergency Shelter Grants Program (ESG)

Vermont Statewide Report

State Fiscal Year 2010

Overnights Sheltered (*Emergency Shelters*)

Between July 2009 and June 2010, Vermont's ESG-funded emergency shelters, domestic violence shelters, veteran's shelters and youth shelters, reported the following utilization:

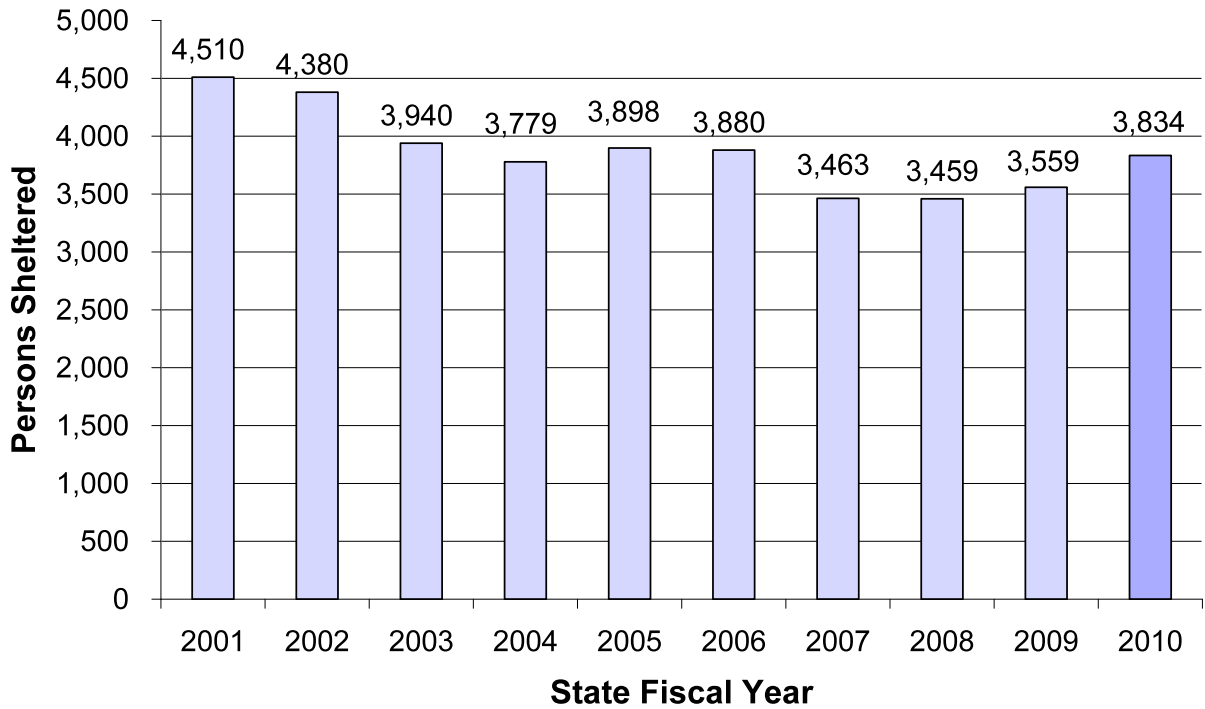

- **3,834** persons sheltered for a total of **130,939** shelter bednights.
 - **2,999** adults and **835** children under 18.
 - **2,634** individuals (not in families), and **517** families (consisting of: **1,200** persons).
 - The average length of stay was approximately **34** days.
-

Homelessness Prevention

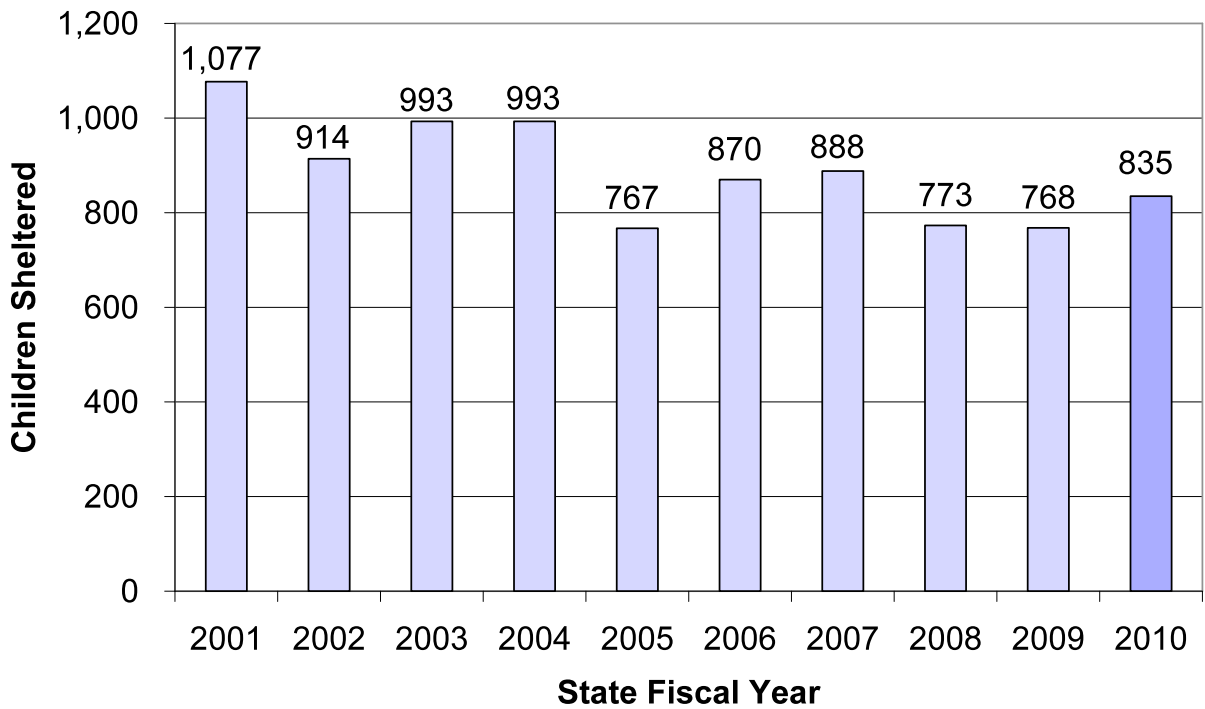

During this period, ESG-funded programs provided homelessness prevention assistance* such as rental and mortgage assistance, short-term shelter at motels, and aid to prevent utility disconnections. This helped stabilize **12,798** households (consisting of **19,117** adults, and **12,841** children) for an additional **646,420** bed nights.

*This assistance includes ESG funding as well as other sources such as 2010 overflow funding and crisis fuel assistance.
