This Private Placement Memorandum of the Vermont Housing Finance Agency (the "Agency") is provided for the purpose of setting forth certain information concerning the Agency, its Multi-Family Mortgage Bonds issued under the Agency's Multi-Family Mortgage Bond Resolution adopted on February 3, 1977, as amended (the "General Resolution"), and its Multi-Family Mortgage Bonds comprised of the following series: 2005 Series A to be issued in the principal amount of \$530,000 (the "2005 Series A Bonds"), 2005 Series B to be issued in the principal amount of \$1,430,000 (the "2005 Series B Bonds"), 2005 Series C in the aggregate principal amount of \$330,000 (the "2005 Series C Bonds") and 2005 Series D in the aggregate principal amount of \$2,160,000 (the "2005 Series D Bonds") (collectively, the "2005 Series A/B/C/D Bonds") under its Resolution Authorizing the Issuance and Sale of a Maximum of \$25,000,000 of Bonds in One or More Series to Finance Multi-Family Projects, adopted on December 16, 2004, and the Series Certificate executed and delivered pursuant thereto (collectively, the "Series Resolution"). The 2005 Series A/B/C/D Bonds and all other bonds issued under the General Resolution are herein collectively referred to as the "Bonds." The General Resolution and the Series Resolution are sometimes herein collectively referred to as the "Resolutions." Certain terms not defined elsewhere in this Private Placement Memorandum are defined in "SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION."

INTRODUCTORY STATEMENT

The 2005 Series A/B/C/D Bonds will be secured under the provisions of the Resolutions and will be issued in accordance with the Resolutions and the Vermont Housing Finance Agency Act, being No. 260 of the Vermont Acts of 1973, Adjourned Session, as amended (the "Act"). The Agency has previously issued \$157,970,000 Multi-Family Mortgage Bonds, of which \$93,035,000 are still outstanding (collectively, the "Outstanding Bonds") under the General Resolution (see Appendix I hereto), which bonds will be on a parity with the 2005 Series A/B/C/D Bonds. The Agency expects to apply the proceeds of the 2005 Series A/B/C/D Bonds, together with other available funds of the Agency, to fund Mortgage Loans (as hereinafter defined) for Heineberg Senior Housing, Lindale Mobile Home Park, Round Barn, Harrington Apartments and Black River Overlook projects, respectively (see Appendix III herein for further information on the projects and the related Mortgage Loans). Additional series of Bonds may be issued by the Agency on a parity with the Outstanding Bonds and the 2005 Series A/B/C/D Bonds, provided that each additional series will be authorized and secured by a series resolution adopted in accordance with and under the provisions of the General Resolution and the Act.

The Act provides that the Agency is constituted a public instrumentality of the State of Vermont (the "State") exercising public and essential governmental functions, and the exercise by the Agency of the powers conferred by the Act is deemed to be an essential governmental function of the State. The Act authorizes the Agency to issue bonds and notes in such principal amounts as the Agency may determine,

provided that the total bonds and notes outstanding at any one time may not exceed \$900,000,000. The Act permits the Agency to engage in an additional limited obligation program not subject to the debt limitation. As of March 31, 2005, the Agency had \$562,324,602 principal amount of bonds outstanding, all of which is subject to the debt limitation. For information regarding the Agency's outstanding indebtedness, see "THE AGENCY—Outstanding Indebtedness" and Appendix I hereto.

The General Resolution authorizes Bonds to be issued to provide funds for the making of mortgage loans (the "Mortgage Loans") to housing sponsors (the "Developers") eligible under the Act for the financing of housing developments (the "Developments") containing five or more dwelling units intended for occupancy on a rental or cooperative basis by persons and families of low and moderate income (the "Program"). The Act requires that such housing sponsors be organized on a nonprofit or limited-profit basis. Substantially all of the rental units in the other Developments financed with proceeds of the Outstanding Bonds are receiving subsidy payments on behalf of eligible tenants pursuant to Section 8 ("Section 8") of the United States Housing Act of 1937, as amended (the "Housing Act"), as more fully described in Appendix IV hereto. However, 29 of the rental units in the Developments financed by the 2005 Series A/B/C/D Bonds will receive Section 8 subsidy payments. Notwithstanding such subsidy payments, the Bonds do not constitute a debt or indebtedness of the United States and payment of the Bonds is not guaranteed by the United States. For certain information regarding the Developments, see Appendix II and Appendix III hereto. Substantially all of the Mortgage Loans for Developments financed with proceeds of the Outstanding Bonds provide no recourse to the Developers.

All Bonds issued under the General Resolution, including the 2005 Series A/B/C/D Bonds, are secured, to the extent and as provided in such Resolution, by (a) all Revenues, (b) all Mortgage Loans made under the General Resolution, and (c) subject to the terms of the General Resolution, all moneys in the funds and accounts pledged under the General Resolution, including the Mortgage Reserve Fund and the Debt Service Reserve Fund. In addition, the Bonds will be general obligations of the Agency payable from any of the Agency's other revenues, moneys or assets, subject to agreements heretofore or hereafter made with holders of notes and bonds, other than the Bonds, pledging particular revenues, moneys or assets for the payment thereof. Pursuant to the Act, the Agency is obligated to pay the principal or redemption price, if any, of and interest on the Bonds from revenues or funds of the Agency, which has no taxing power; the State is not obligated to pay the principal thereof or interest thereon, and neither the faith and credit nor the taxing power of the State is pledged to the payment of the principal or redemption price, if any, of or the interest on the Bonds.

The Act provides that, in order to assure the maintenance of the amount in the Debt Service Reserve Fund at the Debt Service Reserve Requirement, there may be appropriated annually and paid to the Agency for deposit in the Debt Service Reserve Fund, such sum, if any, as is certified by the Chairman of the Agency to the Governor or to the Governor-elect, the President of the Senate and the Speaker of the House as necessary to restore the Debt Service Reserve Fund to an amount equal to the Debt Service Reserve Requirement. Pursuant to the General Resolution and the Act, the Chairman is required annually, on or before each February 1, to make and deliver to the Governor or to the Governor-elect, the President of the Senate and the Speaker of the House his certificate stating the sum, if any, required to restore the Debt Service Reserve Fund to that amount. The sum so certified may be appropriated and, if appropriated, shall be paid to the Agency during the then current State fiscal year. Pursuant to the Act, the principal amount of outstanding bonds or notes of the Agency secured by a debt service reserve fund to which State funds may be appropriated cannot exceed \$125,000,000. To date, the Chairman has never been required to certify a sum to restore the Debt Service Reserve Fund amount to meet the Debt Service Reserve Fund Requirement. Upon the issuance of the 2005 Series A/B/C/D Bonds, the principal amount of bonds or notes of the Agency so secured will be equal to \$97,485,000.

While the Bonds and the provisions of the Act discussed above do not constitute a legally enforceable obligation of the State nor create a debt on behalf of the State, Bond Counsel is of the opinion that the State, by its General Assembly, is legally authorized, but not legally obligated, to appropriate annually such sum as shall have been certified by the Chairman of the Agency to the Governor or the Governor-elect, the President of the Senate and the Speaker of the House as necessary to restore the Debt Service Reserve Fund to an amount equal to the Debt Service Reserve Requirement.

Of these employees, 12 are charged with responsibility for the multi-family program. Operations to Date

Pursuant to the Act and its agreements with bondholders, a substantial portion of the Agency's assets is pledged to secure specific obligations or are otherwise restricted. The Agency maintains separate restricted funds for each of its programs financed by the issuance of bonds under a particular general bond

resolution. Such funds and programs have separate sets of accounts set up in accordance with the Act and the various general bond resolutions. Assets and revenues of such funds and programs are restricted by various resolutions and agreements and are not available in any manner other than as provided in the various general bond resolutions adopted by the Agency for its programs. Moneys in excess of restricted fund requirements are transferred periodically from these restricted funds to the General Fund. All of the Agency's outstanding bonds, other than the Single Family Housing Bonds, are general obligations of the Agency secured by and payable from any of the Agency's revenues, moneys or assets, including the General Fund, subject to agreements heretofore or hereafter made with holders of notes and bonds that pledge particular revenues, moneys or assets for the payment thereof. The Agency has not pledged any moneys in the General Fund to the payment of any particular bonds of the Agency.

Outstanding Indebtedness

Since September 1974, the Agency has issued \$2,069,231,543 aggregate principal amount of bonds, of which \$562,324,602 was outstanding as of March 31, 2005, to finance its various programs. The proceeds of the bonds have been or will be used to make mortgage loans to sponsors of multi-family residential housing units for persons and families of low and moderate income in the State, to purchase mortgage loans on single family residential housing units for the persons and families of low and moderate income in the State, to make loans to mortgage lenders to finance such single family housing and to make loans to finance certain other multi-family housing developments. The bonds are secured pursuant to the terms of the resolutions under which they were issued.

For additional information with respect to outstanding indebtedness of the Agency, see the Agency's audited financial statements for the year ending June 30, 2004 included as Appendix I.

MULTI-FAMILY MORTGAGE LOAN PROGRAM OF THE AGENCY

Multi-Family Mortgage Loan Portfolio of the Agency

Since 1975, the Agency has financed 175 multi-family residential rental developments. These developments comprise 5,690 units of rental housing, of which 2,901 are assisted under the Section 8 program.

In deciding whether to make a Mortgage Loan on a development the Agency considers, among other things, the extent of the need for affordable rental housing in the market area, the quality and location of the proposed site, the experience and stability of the developers, the quality of management experience, and the sufficiency of projected revenues to pay anticipated operating expenses in the face of expected economic trends and conditions. In addition, the Agency may also consider the loan-to-value ratio of the Agency's Mortgage Loan.

The ability of owners of multi-family residential rental developments to make mortgage payments is affected by a variety of factors, including the achievement and maintenance of a sufficient level of occupancy; sound management of the developments; timely and adequate increases in rents to cover increases in operating expenses, including taxes, utility rates and maintenance costs; changes in applicable laws and governmental regulations; and social and economic trends affecting the communities in which the developments are located, the State and the United States in general.

Mortgage Loans Securing the Bonds

Under the Program, the Agency may make Mortgage Loans secured by a first lien on real property or a leasehold estate for the construction or rehabilitation and permanent financing of

multi-family residential housing intended for occupancy primarily by persons and families of low and moderate income.

Fifty-six of the 83 Developments financed with proceeds of the Outstanding Bonds (or prepayments from Mortgage Loans) are assisted by the federal government under the Section 8 program. The Section 8 subsidy payments are funded by the United States Department of Housing and Urban Development (“HUD”) through its obligations under certain Annual Contributions Contracts (“ACCs”) and certain Housing Assistance Payments Contracts (“HAPCs”). The full faith and credit of the United States is pledged to the payment of annual contributions pursuant to the ACCs. HUD is responsible for the administration of the Section 8 program on a national basis and the Agency and the Vermont State Housing Authority are responsible for the administration of certain Section 8 money allocated to the State of Vermont. Such Mortgage Loans are not insured by either federal, state or private mortgage insurance. The Bonds do not constitute indebtedness of, nor are they guaranteed by, HUD or the United States.

Of the 56 Developments assisted under the Section 8 program, 28 have HAPCs that expire more than 18 months prior to the maturity date of the related Mortgage Loan. For a discussion of certain additional information and risks with respect to HAPCs and Section 8 payments thereunder, see Appendix III hereto.

The outstanding Mortgage Loans financed with the proceeds of the Outstanding Bonds (or prepayments from Mortgage Loans) were made in the aggregate original principal amount of \$90,881,048. Such Mortgage Loans financed 83 Developments, which range in size from five to 166 units and contain a total of 2,767 units. Of those units, 1,042 are occupied by elderly tenants and 1,725 are occupied by families. Construction of all of the Developments has been completed and all but 22 of the Developments have been occupied for at least five years. As of January 1, 2005, the average vacancy rate for the Program over the past three years has been less than 1%. For additional information regarding the Developments and outstanding Mortgage Loans, see Appendix II hereto.

For the period commencing September 1, 2002 to date, only one monthly mortgage payment on Mortgage Loans was delinquent by more than 30 days. As of the date hereof, all Mortgage Loans are current.

DESCRIPTION OF THE 2005 SERIES A/B/C/D BONDS

The 2005 Series A/B/C/D Bonds will be dated as of their date of delivery and will bear interest from such date, payable on each August 15 and February 15, commencing February 15, 2006. The 2005 Series A/B/C/D Bonds will bear interest at the rates shown on the inside front cover of this Private Placement Memorandum and will mature on the dates and in the amounts set forth on the inside front cover of this Private Placement Memorandum, subject to the redemption provisions described herein.

The 2005 Series A/B/C/D Bonds will be issued as fully registered bonds in the denomination of \$5,000 or integral multiples thereof.

Other than as provided below under “Book-Entry System,” principal and redemption price, if any, of the 2005 Series A/B/C/D Bonds will be payable at the principal office of Banknorth, National Association, Williston, Vermont, Trustee, Bond Registrar and Paying Agent. Other than as provided below under “Book-Entry System,” interest on the 2005 Series A/B/C/D Bonds will be payable by check mailed to the registered owner thereof at the address as shown on the registration books of the Trustee.

Book-Entry System

When the 2005 Series A/B/C/D Bonds are issued, ownership interests will be available to purchasers only through a book-entry system (the “Book-Entry System”) maintained by The Depository Trust Company (“DTC”), New York, New York, or such other depository institution designated by the Agency pursuant to the Resolution. Purchasers of beneficial interests in the 2005 Series A/B/C/D Bonds will not receive certificates reflecting their interests in the 2005 Series A/B/C/D Bonds.

DTC will act as securities depository for the 2005 Series A/B/C/D Bonds. The 2005 Series A/B/C/D Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC’s partnership nominee). One fully registered security certificate will be issued for each maturity of the 2005 Series A/B/C/D Bonds in the aggregate principal amount thereof, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its Direct Participants deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of its Direct Participants and members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation and Emerging Markets Clearing Corporation, as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the “Indirect Participants”). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of 2005 Series A/B/C/D Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2005 Series A/B/C/D Bonds on DTC's records. The ownership interest of each actual purchaser of each 2005 Series A/B/C/D Bond (a "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2005 Series A/B/C/D Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2005 Series A/B/C/D Bonds, except in the event that use of the book-entry system for the 2005 Series A/B/C/D Bonds is discontinued.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE 2005 SERIES A/B/C/D BONDS, AS NOMINEE FOR DTC, REFERENCES HEREIN TO THE BONDHOLDERS OR REGISTERED OWNERS OR OWNERS OF THE 2005 SERIES A/B/C/D BONDS SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE 2005 SERIES A/B/C/D BONDS.

To facilitate subsequent transfers, all 2005 Series A/B/C/D Bonds deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of 2005 Series A/B/C/D Bonds with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2005 Series A/B/C/D Bonds. DTC's records reflect only the identity of the Direct Participants to whose accounts such 2005 Series A/B/C/D Bonds are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyances of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the 2005 Series A/B/C/D Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such 2005 Series A/B/C/D Bonds to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to the 2005 Series A/B/C/D Bonds. Under its usual procedures, DTC mails an Omnibus Proxy to the Agency as soon as possible after the "record date." The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2005 Series A/B/C/D Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal or redemption price of and interest payments on the 2005 Series A/B/C/D Bonds will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the date payment is due in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the date payment is due. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, the Bond Registrar, the Paying Agent or the Agency, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal or redemption price of and interest to DTC is the responsibility of the Trustee, disbursement of

such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the 2005 Series A/B/C/D Bonds at any time by giving reasonable notice to the Agency or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, bond certificates are required to be printed and delivered.

The Agency may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered.

According to DTC, the foregoing information with respect to DTC has been provided to the Industry for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

NEITHER THE AGENCY NOR THE TRUSTEE NOR THE BOND REGISTRAR NOR THE PAYING AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO THE DIRECT PARTICIPANTS, TO THE INDIRECT PARTICIPANTS OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (i) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT OR ANY INDIRECT PARTICIPANT; (ii) THE TIMELY PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT DUE WITH RESPECT TO THE PRINCIPAL OF, PREMIUM, IF ANY, OR INTEREST ON THE 2005 SERIES A/B/C/D BONDS; (iii) ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO BONDHOLDERS BY DTC UNDER THE RESOLUTION; (iv) THE SELECTION BY DTC OF ANY DIRECT OR INDIRECT PARTICIPANT AND THE SELECTION BY SUCH DIRECT OR INDIRECT PARTICIPANT OF ANY BENEFICIAL OWNER TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE 2005 SERIES A/B/C/D BONDS; OR (v) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS BONDHOLDER.

The information included under this caption (except for the preceding paragraph) has been provided by DTC. No representation is made by the Agency or the Fannie Mae as to the accuracy or adequacy of such information provided by DTC or as to the absence of material adverse changes in such information subsequent to the date hereof.

Amounts of annual sinking fund installments shown in the tables above are subject to reduction as a result of optional or special redemption of the 2005 Series A/B/C/D Bonds subject to mandatory sinking fund redemption as set forth above, as applicable. At the time of any special or optional redemption of any such 2005 Series A/B/C/D Bonds, the amount of each future sinking fund installment will be reduced as shall be determined in an Officer's Certificate such that the total amount of such reductions equals the amount of such special or optional redemption. The amounts accumulated for each sinking fund installment may be applied by the Trustee to the purchase of the 2005 Series A/B/C/D Bonds for which such sinking fund installment is established at any time prior to the thirtieth day preceding the redemption date from such sinking fund installment.

Optional Redemption Provisions

The 2005 Series A/B/C/D Bonds are subject to redemption, at the option of the Agency, either in whole or in part at any time on or after February 15, 2015, by lot within a maturity, from maturities selected by the Agency, from moneys deposited in the Optional Redemption Account in the Redemption

Fund, at a price equal to 100% of the principal amount so redeemed plus accrued interest to the date of redemption.

Special Redemption Provisions

The 2005 Series A/B/C/D Bonds are subject to redemption, at the option of the Agency, by operation of the Redemption Fund, in whole or in part at any time at a price equal to 100% of the principal amount so redeemed plus accrued interest, by lot within a maturity, from maturities selected by the Agency, from (a) unexpended proceeds of the 2005 Series A/B/C/D Bonds in the Mortgage Loan Account; (b) excess moneys in the Mortgage Reserve Fund, (c) excess moneys in the Debt Service Reserve Fund, (d) Recovery Payments or (e) on or after February 15, 2015, Prepayments.

Notice of Redemption of Bonds

When the Trustee receives notice from the Agency, according to the provisions of the Resolutions, the Trustee will give notice of redemption of 2005 Series A/B/C/D Bonds by mailing a copy of such notice by first-class mail, postage prepaid, not less than 30 and not more than 60 days before the redemption date, to the registered owners of all 2005 Series A/B/C/D Bonds, or portions thereof to be redeemed at their addresses appearing on the registration books of the Agency maintained by the Trustee, provided that failure to mail such notice to any holder of a 2005 Series A/B/C/D Bond or any defect in such notice shall not affect the redemption of any other 2005 Series A/B/C/D Bonds for which the required notice has been given. The Series Resolution provides that while the 2005 Series A/B/C/D Bonds are in the Book-Entry System, the Trustee will mail copies of such notice not less than 25 days and not more than 60 days before the redemption date to DTC with a request of DTC to forward such notice to the Participants so that they may forward such notice to the Beneficial Owners. Neither the Agency, the Trustee nor Fannie Mae can make any assurance that DTC, the Direct Participants or the Indirect Participants will distribute such redemption notices to the Beneficial Owners of the 2005 Series A/B/C/D Bonds, or that they will do so on a timely basis.

The obligation of the Trustee to give the notice required by the General Resolution shall not be conditioned upon the prior payment to the Trustee or Paying Agent of moneys or Investment Obligations sufficient to pay the Redemption Price of the Bonds to which such notice relates or the interest thereon to the redemption date.

Additional Bonds

The General Resolution permits the issuance of additional Bonds thereunder for the purpose of providing funds for the purposes set forth in the General Resolution and, in addition, to refund outstanding Bonds issued under the General Resolution. Any additional Bonds issued under the General Resolution will be on a parity with the outstanding Bonds and the 2005 Series A/B/C/D Bonds and will be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the General Resolution. The General Resolution provides that upon the issuance of any such additional Bonds there will be deposited in the Debt Service Reserve Fund so much of the proceeds thereof as is required to establish the amount therein at, or to increase the amount therein to, the Debt Service Reserve Requirement.

No additional Series of Bonds is permitted to be issued subsequent to the issuance of the initial Series of Bonds under the General Resolution unless (a) the principal amount of the additional Bonds then to be issued, together with the principal amount of the Bonds and other obligations of the Agency theretofore issued, will not, in the opinion of counsel to the Agency, exceed in aggregate principal amount any limitation thereon imposed by law; (b) as evidenced by an Officer's Certificate, at the time of the

issuance of such Bonds, other than refunding Bonds, there is no deficiency in any Funds or Accounts created by the General Resolution other than the Debt Service Reserve Fund and that upon the issuance and delivery of the additional Series of Bonds and the application of the proceeds thereof, the Debt Service Reserve Fund shall not be less than the Debt Service Reserve Requirement; and (c) as evidenced by an Officer's Certificate, after such issuance, there shall be no material adverse effect on the ability of the Agency to pay the Principal Installments of and interest on the Bonds then outstanding. The Agency expressly reserves the right to adopt one of more other general bond resolutions and reserves the right to issue other obligations so long as such obligations do not constitute a charge or lien prohibited by the General Resolution.

SECURITY FOR THE 2005 SERIES A/B/C/D BONDS

The 2005 Series A/B/C/D Bonds will be payable from and secured equally and ratably with all Bonds issued or to be issued pursuant to the General Resolution by, among other things, a pledge of the Revenues and all moneys, securities, Mortgage Loans and Funds or Accounts held or set aside or to be held or set aside pursuant to the General Resolution, except the 2005 Series A/B/C/D Rebate Account and any rebate account held pursuant to the General Resolution in respect of any other Series of Bonds. In addition, the 2005 Series A/B/C/D Bonds will be general obligations of the Agency payable out of any of the Agency's revenues, moneys or assets, subject to agreements heretofore or hereafter made with holders of notes and bonds other than the Bonds.

Revenues

Revenues are all payments, proceeds, charges, rents and all other income derived in cash by or for the account of the Agency from or relating to the Program, including, without limiting the generality of the foregoing, scheduled amortization payments of principal of and interest on Mortgage Loans but not including Escrow Payments, Prepayments, Recovery Payments, Acquired Development Operating

Income or financing or commitment fees or any payments or charges constituting construction or operating contingency, performance or completion payments or replacement reserves required pursuant to the applicable Mortgage Loan.

All Revenues are deposited by the Trustee into the Revenue Fund. Moneys in the Revenue Fund are withdrawn monthly and deposited in the Funds and Accounts set forth below but only after maximum payment is made into each such Fund in accordance with the following order of priority:

- (a) Into the Debt Service Fund, to the extent, if any, needed to increase the amount in the Debt Service Fund so that it equals the Debt Service Requirement;
- (b) Into the Debt Service Reserve Fund, to the extent, if any, needed to increase the amount in the Debt Service Reserve Fund so that it equals the Debt Service Reserve Requirement;
- (c) Into the Acquired Development Expense Fund, to the extent, if any, needed to increase the amount in the Acquired Development Expense Fund so that it equals the Acquired Development Expense Requirement;
- (d) Into the Mortgage Reserve Fund, to the extent, if any, needed to increase the amount in the Mortgage Reserve Fund so that it equals the Mortgage Reserve Fund Requirement;
- (e) Into the 2005 Series A/B/C/D Rebate Account or any other rebate account established pursuant to a series resolution, to the extent, if any, required by the provisions of the applicable series resolution; and
- (f) Into the General Fund, to any extent.

For further discussion of the Funds and Accounts set forth above, see “SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION.”

Mortgage Loans

The Bonds will be secured by a pledge of and lien upon all Mortgage Loans made with the proceeds of all Bonds.

The Agency covenants in the General Resolution, among other things, that Mortgage Loans financed with the proceeds of Bonds shall have scheduled payments of principal and interest or other legally enforceable payments available for payment of Principal Installments of and interest on Bonds upon completion of construction of the related developments which, when added to amounts, if any, to be withdrawn from the Capitalized Interest Accounts shall be sufficient to pay the Principal Installments of and interest on the related Bonds.

Additionally, the Agency covenants that at annual intervals the Agency shall file with the Trustee an Officer’s Certificate setting forth a schedule of anticipated Revenues to be derived from all Mortgage Loans outstanding or anticipated to be made after giving effect to any estimated Prepayments and stating that the Agency expects that such Prepayments will be made on or before the dates as of which they have been estimated to be made in such schedule, together with a schedule of Principal Installments of and interest on all Bonds outstanding after giving effect to any redemptions and purchases to be made with such Prepayments, and showing that such anticipated Revenues and Prepayments, together with any other amounts held in the Mortgage Loan Accounts, the Debt Service Fund, the Debt Service Reserve Fund, the

Mortgage Reserve Fund and the Redemption Fund together with all Revenues estimated to be earned on such Funds and Accounts will at least be sufficient to pay as and when due all of such Principal Installments and interest.

The scheduled payments of the principal of and the interest on the 2005 Series A/B/C/D Bonds have been based on the assumed receipt of mortgage payments paid to the Agency on Mortgage Loans financed with proceeds of the 2005 Series A/B/C/D Bonds, together with certain investment income on certain Funds and Accounts established by the Resolutions, to the extent provided therein, and the use of moneys in the Debt Service Reserve Fund. To the extent that such investment income differs from the amounts estimated to be received, or any Mortgage Loans go into default, the moneys available for the payment of the principal of and interest on the 2005 Series A/B/C/D Bonds may be affected. As described elsewhere in this Private Placement Memorandum, moneys may be available from other sources including the Debt Service Reserve Fund and the Mortgage Reserve Fund.

For a description of certain matters that may adversely affect the security for the Bonds, including the 2005 Series A/B/C/D Bonds, see Appendix IV hereto.

Mortgage Reserve Fund

The General Resolution establishes a mortgage reserve fund (the “Mortgage Reserve Fund”) and provides that the mortgage reserve fund requirement (the “Mortgage Reserve Fund Requirement”) shall be the aggregate of the amounts, if any, which may be determined with respect to each series of Bonds pursuant to a series resolution. There presently is no amount in the Mortgage Reserve Fund. The Agency has determined that it will not make a deposit into the Mortgage Reserve Fund in connection with the issuance of the 2005 Series A/B/C/D Bonds.

Debt Service Reserve Fund

The General Resolution establishes a debt service reserve fund (the “Debt Service Reserve Fund”) and specifies a debt service reserve fund requirement (the “Debt Service Reserve Requirement”). The Debt Service Reserve Requirement is an amount as of any particular date of computation equal to the maximum amount required in any single current or future Fiscal Year for Principal Installments of and interest on the Bonds outstanding on said date of computation other than Bonds issued for the purpose of funding the Debt Service Reserve Fund. An amount at least sufficient to bring the Debt Service Reserve Fund up to the Debt Service Reserve Requirement will be deposited in the Debt Service Reserve Fund from the 2005 Series A/B/C/D Bond proceeds.

If after making transfers to the Debt Service Fund from a Capitalized Interest Account and any transfers, if any, from the Mortgage Reserve Fund there shall not be a sufficient amount in the Debt Service Fund to make payment of Principal Installments of or interest on the Bonds, the Trustee shall withdraw from the Debt Service Reserve Fund and pay into the Debt Service Fund the amount of such deficiency.

The General Resolution provides that in order to assure the maintenance of the Debt Service Reserve Fund in an amount equal to the Debt Service Reserve Requirement and in compliance with the requirements of the Act, the Chairman of the Agency must annually, on or before February 1, make and deliver to the Governor of the State his certificate stating the amount, if any, required to restore the Debt Service Reserve Fund to the amount of the Debt Service Reserve Requirement. The sum so certified may be appropriated by the State and, if appropriated, paid to the Agency. Any moneys received by the Agency from the State pursuant to any such certification, in accordance with the provisions of the Act and the Resolutions, shall be deposited in the Debt Service Reserve Fund. To date, the Chairman has never

been required to certify a sum to restore the Debt Service Reserve Fund Amount to meet the Debt Service Reserve Fund Requirement.

As of the date hereof, the amount on deposit in the Debt Service Reserve Fund is at least equal to the Debt Service Reserve Requirement.

The Trustee shall be responsible to account only for moneys actually so deposited.

All Revenues shall be paid by the Trustee into and credited to the Revenue Fund.

All Prepayments shall be paid by the Trustee into and credited to the applicable Mortgage Loan Account in the Program Fund or the Optional Redemption Account in the Redemption Fund as directed by the Agency except that a portion of any Prepayment may, pursuant to the General Resolution, be paid into and credited to the Debt Service Fund.

All Recovery Payments shall be paid by the Trustee into and credited to the Special Redemption Account in the Redemption Fund.

Acquired Development Operating Income shall be paid by the Trustee into and credited to the Acquired Development Expense Fund to the extent, if any, required to restore such Fund to the Acquired Development Expense Requirement, and the remaining Acquired Development Operating Income shall be paid by the Trustee into and credited to the Revenue Fund.

All Escrow Payments shall be deposited in the Multi-Family Escrow Payment Account.

All payments or charges constituting construction or operating contingency, performance or completion payments, or replacement reserves required pursuant to the applicable Mortgage Loan shall be deposited in the Mortgage Loan Account relating to such Mortgage Loan.

In the event that the Agency receives a single payment constituting Revenues, Prepayments, Recovery Payments, Acquired Development Operating Income, Escrow Payments or any combination thereof, the Agency shall segregate such payment into Revenues, Prepayments, Recovery Payments or Escrow Payments, as the case may be, prior to making the deposit.

The Trustee, as of the first day of each month and within five business days thereafter, shall, out of any moneys in the Revenue Fund make payments into the following several Funds (or the General Fund), but as to each Fund (or the General Fund) only within the limitation herein below indicated with respect thereto and only after maximum payment within such limitation into every such Fund previously mentioned in the following tabulation:

FIRST, into the Debt Service Fund, to the extent, if any, needed to increase the amount in the Debt Service Fund so that it equals the Debt Service Requirement;

SECOND, into the Debt Service Reserve Fund, to the extent, if any, needed to increase the amount in the Debt Service Reserve Fund so that it equals the Debt Service Reserve Requirement;

THIRD, into the Acquired Development Expense Fund, to the extent, if any, needed to increase the amount in the Acquired Development Expense Fund so that it equals the Acquired Development Expense Requirement;

FOURTH, into the Mortgage Reserve Fund, to the extent, if any, needed to increase the amount in the Mortgage Reserve Fund so that it equals the Mortgage Reserve Fund Requirement;

FIFTH, into the 2005 Series A/B/C/D Rebate Account or any other rebate account established pursuant to a series resolution, to the extent, if any, required by the provisions of the applicable series resolution; and

SIXTH, into the General Fund, to any extent.

Application of Funds

Debt Service Fund. The Trustee shall pay out of the Debt Service Fund to the respective Paying Agents (i) on or before each interest payment date for any of the Bonds, the amount required for the interest payable on such date; and (ii) on or before each Principal Installment due date, the amount required for the Principal Installment payable on such due date.

The Trustee shall establish and maintain in the Debt Service Fund a separate Account for the particular outstanding Bonds of each Series which are designated as Term Bonds and for which Sinking Fund Installments are established in accordance with the series resolution. If all previously required or authorized withdrawals from the Debt Service Fund shall have been made, the Trustee shall, on any Principal Installment Date, withdraw from the Debt Service Fund the amount of any excess therein over the Debt Service Requirement and the Trustee shall deposit the amount so withdrawn in the Revenue Fund.

The interest earned or other income derived from the investment or deposit of moneys in the Debt Service Fund shall be transferred by the Trustee upon receipt thereof to the Revenue Fund.

Debt Service Reserve Fund. The Agency shall pay into the Debt Service Reserve Fund any moneys paid to the Agency pursuant to the Act for the purpose of restoring the Debt Service Reserve

Fund to the amount of the Debt Service Reserve Requirement; such portion of the proceeds of sale of Bonds, if any, as shall be provided by the series resolution authorizing the issuance thereof; and the Trustee shall deposit in and credit to the Debt Service Reserve Fund all moneys transferred from the Revenue Fund.

If, after making certain transfers from Capitalized Interest Accounts within the Program Fund and from the Mortgage Reserve Fund, there are insufficient amounts in the Debt Service Fund to make payment of Principal Installments of or interest on the Bonds, the Trustee shall withdraw from the Debt Service Reserve Fund and pay into the Debt Service Fund the amount of the deficiency.

In the event there are sufficient moneys in the Funds and accounts created by the General Resolution and pledged to the payment of Bonds to pay the Redemption Price of and interest on all Bonds outstanding, the Agency may elect to redeem all bonds outstanding pursuant to the General Resolution. In the event the Agency elects to redeem the outstanding Bonds, upon compliance with the provisions of the General Resolution, the Trustee shall transfer to the Optional Redemption Account in the Redemption Fund the amount required for the redemption of such Bonds which shall be applied to such redemption.

On any Interest Payment Date, if all withdrawals or payments from the Debt Service Reserve Fund required by any other provision of the General Resolution with respect to the same and every prior date shall have sooner been made, the Trustee shall withdraw from the Debt Service Reserve Fund the amount of any excess therein over the Debt Service Reserve Requirement attributable to interest or other income derived from the investment or deposit of the Debt Service Reserve Fund and deposit the same in the Revenue Fund, and, upon receipt of an Officer's Certificate signed by an Authorized Officer, shall withdraw from the Debt Service Reserve Fund the amount of any excess therein over the Debt Service Reserve Requirement attributable to a decrease in the Debt Service Reserve Requirement and deposit the same in the Debt Service Fund.

Mortgage Reserve Fund. Amounts held in the Mortgage Reserve Fund shall be transferred to the Debt Service Fund to restore a deficiency therein or to the Redemption Fund, if directed by the Agency, to make payments of Principal Installments on, redemption price of and interest on the Bonds.

Redemption Fund. The Redemption Fund includes a Special Redemption Account and an Optional Redemption Account. Amounts in the Special Redemption Account are to be applied by the Trustee for the purchase or redemption of Bonds at a price and premium as set forth in the applicable series resolution. Amounts in the Optional Redemption Account are to be applied by the Trustee for the purchase or redemption of Bonds at a price set forth in the applicable series resolution. The Agency shall direct the selection of the series of Bonds to be purchased, and the amount and maturities of the Bonds to be redeemed. Such purchases or redemptions shall be made by the Trustee in the manner provided in the Resolutions.

Prior to any purchase or redemption of Bonds the Agency shall have filed with the Trustee an Officer's Certificate setting forth a schedule of anticipated Revenues to be derived from all Mortgage Loans outstanding and anticipated to be made after giving effect to any estimated Prepayments and stating that the Agency expects that such Prepayments will be made on or before the dates as of which they have been estimated to be made in such schedule, together with a schedule of Principal Installments of and interest on all Bonds which will be outstanding after giving effect to such purchase or redemption as determined pursuant to the Resolutions, and other purchases and redemptions expected to be made with such Prepayments, and showing that such anticipated Revenues, together with any other amounts to be held in the Debt Service Fund, the Debt Service Reserve Fund, the Mortgage Reserve Fund and the Redemption Fund together with all Revenues estimated to be earned on the Funds and Accounts after

such purchase or redemption, will at least be sufficient to pay as and when due all of such Principal Installments and interest.

Acquired Development Expense Fund. Moneys deposited in the Acquired Development Expense Fund pursuant to the General Resolution shall be applied to the payment of any of the costs and expenses incurred by the Agency in connection with Acquired Developments. In the event that the Agency is in possession of an Acquired Development, the Agency shall, on a monthly or other reasonable basis, file with the Trustee an Officer's Certificate stating the amounts required (less the unencumbered amount remaining from the previous filing period) by the Agency for operation and maintenance of such Acquired Developments, stating in general the purpose of such costs and expenses. Upon receipt of such Officer's Certificate, the Trustee shall transfer to the Agency the amount so required for payment by the Agency of such costs and expenses. The Agency shall keep proper books and records of its expenditures in connection with Acquired Developments which shall be available for inspection by the Trustee at reasonable times.

Multi-Family Escrow Payment Account. Escrow Payments received by the Agency, whether separately or as part of some other payment shall be deposited in the Multi-Family Escrow Payment Account and shall be promptly applied by the Agency to the purpose for which such payments were received, and any such payments received by the Trustee, whether separately or as part of some other payment, shall immediately be paid by the Trustee to the Agency and applied by the Agency in the manner set forth above.

General Fund. Except as provided in the General Resolution, all amounts paid to the Agency for deposit in the General Fund shall be free and clear of any lien or pledge created by the General Resolution and may be used for any lawful purpose, including without limiting the generality of the foregoing payments to the Revenue Fund, the Debt Service Fund, the Debt Service Reserve Fund, the Redemption Fund, any Mortgage Loan Account, the Multi-Family Escrow Payment Fund or the Acquired Development Expense Fund.

Rebate Account. The Series Resolution establishes in the General Fund a separate trust account to be held by the Trustee and designated the "2005 Series A/B/C/D Rebate Account." Amounts in such Rebate Account are not subject to the pledge or lien of the General Resolution. Amounts on deposit in such Rebate Account will be applied as provided in the Series Resolution. With respect to the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds, the Agency will pay or cause to be paid from the Rebate Account to the United States on behalf of the Agency an amount equal to the amount determined in accordance with the Code of certain investment earnings to the extent such investment earnings exceed the amount that would have been earned on such investments if the investments had been invested at a rate of return equal to the yield on the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds, plus any income attributable to the investment of such excess. If the amount on deposit in the Rebate Account is insufficient for such payment, the Agency has covenanted to make up the deficiency from its own funds.

Investment of Certain Funds and Accounts

Moneys in the Funds and Accounts held under the General Resolution shall be invested in Investment Obligations the maturity or redemption date of which shall coincide as nearly as practicable with the times at which moneys in said Fund or Account will be required for the purposes provided in the General Resolution. In lieu of the investment of moneys in Investment Obligations, the Trustee shall, upon written direction of an authorized officer of the Agency, deposit moneys held by it under the General Resolution in certificates of deposit or in interest-bearing time deposits, or shall make other similar banking arrangements with itself or a member bank or banks of the Federal Deposit Insurance

Corporation or Federal Savings and Loan Insurance Corporation, and provided that, except for deposits of moneys held in the Revenue Fund and so deposited or deposits covered by insurance with the Federal Deposit Insurance Corporation, such deposits or other similar banking arrangement shall be continuously secured as to both principal and interest by (i) Investment Obligations, (ii) bonds, notes or other obligations of the Agency, (iii) direct and general obligations of any state of the United States or of any political subdivision of the State rated in either of the two highest rating categories by a nationally recognized bond rating agency, all of which shall have a market value equal at all times to the amount of such deposits.

The Agency has covenanted not to permit any of the proceeds of the Bonds or any other funds of the Agency to be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any Bonds to be an “arbitrage bond” as defined in Section 148(a) of the Code.

Events of Default

Events of Default specified in the General Resolution include failure to pay principal or redemption price of or interest on any Bond when due; failure to redeem Bonds subject to redemption by operation of Sinking Fund Installments in a principal amount equal to such Sinking Fund Installment when due; failure of the Chairman of the Agency to certify to the Governor or Governor-elect, or, upon such certification, failure of the State to appropriate and pay to the Agency deficiencies in the Debt Service Reserve Fund during the then current State fiscal year as provided for under the Act and in the General Resolution; failure for 90 days after written notice thereof in the performance or observance of any other covenant, contract or other provision in the Bonds or the Resolutions; and the filing by the Agency of a petition a composition of indebtedness under the federal bankruptcy laws, or a federal or Vermont statute.

Remedies

Upon the happening and continuance of an Event of Default, the Trustee in its own name on behalf and for the benefit and protection of the holders of all Bonds and coupons may proceed, and upon the written request of the holders of not less than 25% in principal amount of the Bonds then outstanding, shall proceed, to protect and enforce its rights and, to the full extent available to the holders of such Bonds themselves, the rights of the holders of such Bonds under the laws of the State or under the Resolutions by such suits, actions or proceedings in equity or at law, for the specific performance of any covenant or contract contained therein, or in aid or execution of any power therein granted, or for any proper legal or equitable remedy, as the Trustee shall deem most effectual to protect and enforce such rights.

Supplemental Resolutions

The Agency may adopt (without the consent of any holders of the Bonds but with the consent of the Trustee) Supplemental Resolutions for the following purposes: (i) to cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in the Resolutions; (ii) to provide for additional duties of the Trustee in connection with the Mortgage Loans or to expand the duties or responsibilities of the Trustee; (iii) to insert such provisions clarifying matters or questions arising under the Resolutions as are necessary or desirable and are not contrary to or inconsistent with the Resolutions as in effect at the time of such resolution; (iv) to make such modifications or changes that are not materially adverse to the interests of the Bondholders, in the judgment of the Trustee, which may rely on an opinion of counsel; (v) to grant to or confer upon the Trustee for the benefit of the Holders of the Bonds or any credit provider, including any bond insurer, any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Holders of the Bonds or any credit

provider, including any bond insurer, or the Trustee or any of them; (vi) to make any modifications or changes that shall adversely affect the Trustee's rights, immunities and protections; and (vii) to make any and all changes necessary to implement credit enhancement, including bond insurance, which do not adversely affect the ratings of the Bonds.

Defeasance

If the Agency pays the Principal Amount, interest and Redemption Price, if any, to become due on all Outstanding Bonds, then the pledge of Revenues, Mortgage Loans or other money and securities and all the rights granted by the General Resolution will be discharged and satisfied. All Outstanding Bonds of any series will, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning of the foregoing sentence, if among other things, there has been deposited with the Trustee either money in an amount sufficient or Investment Obligations as defined in clauses (i) and (ii) of the definition of Investment Obligations the principal of and interest on which when due will provide money in an amount sufficient to pay when due the Principal Amount or Redemption Price, if applicable, of and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be.

TRUSTEE

The Trustee for the 2005 Series A/B/C/D Bonds is Banknorth, National Association, Williston, Vermont. The Trustee also serves as bond trustee for other outstanding bonds of the Agency.

The Trustee is a bank holding company incorporated in Maine and headquartered in Portland, Maine. Banknorth currently owns and operates banking subsidiaries in six states. In addition, Banknorth or its subsidiaries engage in permitted insurance agency activities, and it owns other non-operating subsidiaries.

PLEDGE AND AGREEMENT OF THE STATE

Under the Act, the State pledges and agrees with the holders of bonds that the State will not limit or restrict the rights vested in the Agency to perform its obligations and to fulfill the terms of any agreement made with the holders of its bonds or in any way impair the rights and remedies of the holders of the bonds until the bonds and interest thereon are fully met, paid and discharged.

The Act provides that bonds and other obligations of the Agency will not be deemed to constitute a debt or liability or obligation of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any political subdivision, but will be payable solely from revenues or assets of the Agency.

NO LITIGATION

There is no controversy or litigation of any nature now pending or, to the knowledge of the Agency, threatened, restraining or enjoining the issuance, sale, execution or delivery of the 2005 Series A/B/C/D Bonds or the making of the Mortgage Loans with the proceeds of the 2005 Series A/B/C/D Bonds, or in any way contesting or affecting any authority for the issuance of or the validity of the 2005 Series A/B/C/D Bonds, any proceedings of the Agency taken with respect to the issuance or sale thereof, the pledge or application of any money or security provided for the payment of the 2005 Series A/B/C/D Bonds, or the existence or powers of the Agency.

FINANCIAL STATEMENTS OF THE AGENCY

The financial statements of the Agency for the year ended June 30, 2004 included in Appendix I have been audited by KPMG LLP, independent certified public accountants, whose report thereon is also included in Appendix I.

RATINGS

The 2005 Series A/B/C/D Bonds have been assigned the municipal bond ratings of “AA-” by Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc. (“S&P”), and “Aa3” by Moody’s Investors Service, Inc., respectively.

Certain information was supplied by the Agency to the rating agencies to be considered in evaluating the 2005 Series A/B/C/D Bonds. The ratings issued reflect only the views of the rating agencies and any explanation of the significance of such ratings may be obtained only from the rating agencies. No assurance can be given that such ratings will be retained for any given period of time or that it will not be revised or withdrawn entirely if, in the judgment of the rating agencies, circumstances so warrant. The Agency or the Trustee undertake no responsibility to bring to the attention of the holders of the 2005 Series A/B/C/D Bonds any revision or withdrawal of such ratings. Any such revision or withdrawal of such ratings obtained may have an adverse effect on the market price of the 2005 Series A/B/C/D Bonds.

APPROVAL OF LEGALITY

All legal matters related to the authorization, issuance, sale and delivery of the 2005 Series A/B/C/D Bonds are subject to the approval of Kutak Rock LLP, Bond Counsel. The unqualified approving opinion of Bond Counsel, substantially in the form attached hereto as Appendix V, will be delivered with the 2005 Series A/B/C/D Bonds. Certain legal matters will be passed upon for the Agency by Elizabeth Mullikin Drake, Esq., counsel to the Agency.

PLACEMENT

The 2005 Series A/B/C/D Bonds are being issued to, and will be purchased by, Fannie Mae from the Agency (without a placement agent) at a price equal to 100% of the principal amount thereof, plus accrued interest. The Purchase Contract provides that Fannie Mae will purchase all the 2005 Series A/B/C/D Bonds upon issuance, the obligation to make such purchase being subject to certain terms and conditions set forth in the Purchase Contract for the 2005 Series A/B/C/D Bonds between the Agency and Fannie Mae and the approval of certain legal matters by counsel and certain other conditions.

TAX MATTERS

2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds

In the opinion of Kutak Rock LLP, Bond Counsel, to be delivered on the date of issuance of the 2005 Series A/B/C/D Bonds, and assuming compliance by the Agency with covenants in the Resolution described in the succeeding paragraphs, under existing laws, regulations, rulings and judicial decisions, interest on the 2005 Series A Bonds, the 2005 Series B Bonds and the 2005 Series D Bonds is excluded from gross income for federal income tax purposes, except that no opinion is expressed with respect to interest on any 2005 Series A Bond for any period during which such 2005 Series A Bond is held by a “substantial user” of the facilities or a “related person” as those terms are defined in Section 147 of the Code. The form of such Bond Counsel opinion is attached hereto as Appendix V.

Bond Counsel is further of the opinion that interest on the 2005 Series B Bonds and the 2005 Series D Bonds is not, but interest on the 2005 Series A Bonds is, a specific preference item for purposes of the alternative minimum tax provisions imposed by the Code on individuals and corporations. However, interest on the 2005 Series B Bonds and the 2005 Series D Bonds is included in a corporation's "adjusted current earnings," and the alternative minimum taxable income of certain corporations must be increased by 75% of the excess of such corporation's "adjusted current earnings" over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses).

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met with respect to the 2005 Series A Bonds, 2005 Series B Bonds or 2005 Series D Bonds subsequent to issuance in order that interest thereon be excluded from gross income for federal income tax purposes. Failure to comply with such applicable requirements could cause the interest on the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds to be includable in gross income retroactive to the date of original issuance of the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds. Certain of these requirements must be met on a continuous basis throughout the term of the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds. These requirements include (a) limitations as to the use of the proceeds of the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds and the use of the facilities financed by the 2005 Series A Bonds and 2005 Series B Bonds and 2005 Series D Bonds; (b) limitations on the extent to which amounts treated as proceeds of the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds may be invested in higher-yielding investments; and (c) a provision, subject to certain limited exceptions, that requires all investment earnings on amounts treated as proceeds of the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds above the yield on the 2005 Series A Bonds, 2005 Series B Bonds or 2005 Series D Bonds to be paid to the United States Treasury. The Agency will covenant and represent in the Resolutions that it will take all steps to comply with the requirements of the Code to the extent necessary to maintain the exclusion of interest on the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds from gross income for federal income tax purposes. The failure or inability of the Agency or the owner of the facilities to comply with these requirements could cause the interest on the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds to be included in gross income from the date of issuance.

Section 148 of the Code sets forth, as a condition to the exclusion of interest from gross income for federal income tax purposes on governmental obligations, such as the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds, certain restrictions regarding the investment of the "gross proceeds" of such obligations. These "arbitrage" provisions set forth limitations on the yield of investments acquired with "gross proceeds" of the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds and also provide for periodic rebate of specified portions of the arbitrage profit derived from such investments. Failure to comply with such requirements at any time could retroactively affect the exclusion from gross income for federal income tax purposes of interest on the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds. The Agency has covenanted to comply with the ongoing requirements of Section 148 of the Code, including requirements regarding, among other things, limitations on investment of the 2005 Series A Bond, 2005 Series B Bond and 2005 Series D Bond proceeds and rebate to the federal government, which covenants, if complied with, will satisfy Section 148 of the Code.

The 2005 Series A Bonds, the 2005 Series B Bonds and 2005 Series D Bonds are subject to requirements that the facilities financed with the proceeds of the 2005 Series A Bonds, the 2005 Series B Bonds and 2005 Series D Bonds must be used as "residential rental projects" for the "qualified project period." In order to qualify as "residential rental projects" at least 20% of the residential units in the development must be occupied by individuals whose income is 50% or less of median gross income or

40% of the residential units with incomes of 60% or less of median gross income. The Code requires that the income of individuals and area median gross income must be determined by the Secretary of the Treasury in a manner consistent with determinations of lower-income families and median gross income under Section 8 of the Housing Act. These income determinations are required to include adjustments for family size.

The “qualified project period” is defined as that period of time beginning on the first day on which at least 10% of the units in the project are occupied and ending on the latest of (a) the date which is 15 years after the date on which at least 50% of the units in the project that are provided with the proceeds of the issue are first occupied, (b) the first day on which no tax-exempt bond issue with respect to the project is outstanding, or (c) the date on which any assistance provided with respect to the project under Section 8 of the Housing Act terminates.

The 2005 Series B Bonds and 2005 Series D Bonds are issued as “qualified 501(c)(3) bonds” pursuant to Section 145 of the Code. As such, as a condition to exclusion from gross income of interest on the 2005 Series B Bonds and 2005 Series D Bonds for federal income tax purposes, it is required that the facilities financed with the proceeds of the 2005 Series B Bonds and 2005 Series D Bonds be owned by an organization that qualifies under Section 501(c)(3) of the Code, and that no portion of such facilities be used in the trade or business of a person or entity that is not a Section 501(c)(3) organization. The Agency and the owner of the facilities financed with proceeds of the 2005 Series B Bonds and 2005 Series D Bonds will covenant to comply with these requirements.

The documents pertaining to the 2005 Series D Bonds provide that if the owner of the facilities takes actions which convert the use of the facilities financed thereby to “private use,” the owner and the Agency may take remedial actions permitted by the Code to maintain the tax exemption of the interest on the 2005 Series D Bonds. In such a case the 2005 Series D Bonds would not be redeemed as a result of such actions. However, the 2005 Series D Bonds would thereafter be subject to the alternative minimum tax provisions of the Code, as described above, and no opinion would then be expressed by Bond Counsel as to the exclusion of interest on such Bonds from gross income for federal income tax purposes with respect to interest on any such 2005 Series D Bonds for any period during which such 2005 Series D Bond is held by a “substantial user” of the facilities or a “related person” as those terms are defined in Section 147 of the Code.

Although Bond Counsel will render an opinion that interest on the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds will not be included in gross income for federal income tax purposes, the accrual or receipt of interest on the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds may otherwise affect the federal income tax liability of the recipient. The extent of these other tax consequences will depend upon the recipient’s particular tax status or other items of income or deduction. Bond Counsel expresses no opinion regarding any such consequences. Purchasers of the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds, particularly purchasers that are corporations (including S corporations and foreign corporations operating branches in the United States), property or casualty insurance companies, banks, thrifts or other financial institutions, certain recipients of Social Security or Railroad Retirement benefits, taxpayers otherwise entitled to claim the earned income credit, or taxpayers who may be deemed to have incurred or continued indebtedness to carry tax-exempt obligations are advised to consult their tax advisors as to the tax consequences of purchasing, holding or selling the 2005 Series A Bonds, 2005 Series B Bonds and 2005 Series D Bonds.

THE EXTENT OF THE TAX CONSEQUENCES OF PURCHASING OR HOLDING THE 2005 SERIES A BONDS, THE 2005 SERIES B BONDS OR THE 2005 SERIES D BONDS WILL DEPEND UPON THE BONDHOLDER’S TAX STATUS OR OTHER ITEMS OF INCOME OR DEDUCTION. PURCHASERS OF THE 2005 SERIES A BONDS, THE 2005 SERIES B BONDS OR

THE 2005 SERIES D BONDS SHOULD CONSULT WITH THEIR TAX ADVISORS AS TO THE CONSEQUENCES OF PURCHASING OR HOLDING THE 2005 SERIES A BONDS, THE 2005 SERIES B BONDS OR THE 2005 SERIES D BONDS.

Original Issue Premium and Discount. An amount equal to the excess of the issue price of any 2005 Series A Bond, 2005 Series B Bond or 2005 Series D Bond over its stated price at maturity (a “Premium Bond”) constitutes premium on such Premium Bond. An initial purchaser of a Premium Bond must amortize any premium over such Premium Bond’s term using constant yield principles, based on the purchaser’s yield to maturity. As premium is amortized, the purchaser’s basis in such Premium Bond is reduced by a corresponding amount resulting in an increase in the gain (or decrease in the loss) to be recognized for Federal income tax purposes upon a sale or disposition of such Premium Bond prior to its maturity. Even though the purchaser’s basis may be reduced, no Federal income tax deduction is allowed.

Any 2005 Series A Bond, 2005 Series B Bonds or 2005 Series D Bond originally offered at a price below the amount payable on such Bonds at maturity are known as Discount Bonds, the difference being hereinafter referred to as “Original Issue Discount.” An owner of a Discount Bond shall accrue Original Issue Discount by using the economic accrual method, and such accruals shall be treated as (i) tax-exempt interest received by the owners of such Discount Bonds, and (ii) added to the owner’s tax basis for purposes of determining gain or loss upon a sale of a Discount Bond. The amount representing Original Issue Discount that is treated as being received by an owner of a Discount Bond will be added to the owner’s tax basis for purposes of determining gain or loss upon a sale of a Discount Bond.

Purchasers of Premium Bonds and Discount Bonds should consult with their tax advisors with respect to the determination and treatment of amortizable premium and discount for Federal income tax purposes and with respect to the state and local tax consequences of owning a Premium Bond or a Discount Bond.

2005 Series C Bonds (Federally Taxable)

In the opinion of Kutak Rock LLP, Bond Counsel, to be delivered on the date of issuance of the 2005 Series C Bonds, under existing laws, regulations, rulings and judicial decisions, interest on the 2005 Series C Bonds will not be excludable from the gross income of the recipients thereof for federal income tax purposes.

The following is a summary of certain anticipated federal income tax consequences of the purchase, ownership and disposition of the 2005 Series C Bonds. The summary is based upon the provisions of the Code, the regulations promulgated thereunder and the judicial and administrative rulings and decisions now in effect, all of which are subject to change or possible differing interpretations. The summary does not purport to address all aspects of federal income taxation that may affect particular investors in light of their individual circumstances or certain types of investors subject to special treatment under the federal income tax laws. Potential purchasers of the 2005 Series C Bonds should consult their own tax advisors in determining the federal, state or local tax consequences to them of the purchase, holding and disposition of the 2005 Series C Bonds.

Although there are not any regulations, published rulings or judicial decisions involving the characterization for federal income tax purposes of securities with terms substantially the same as the 2005 Series C Bonds, Bond Counsel has advised the Agency that the 2005 Series C Bonds will be treated for federal income tax purposes as evidences of indebtedness of the Agency and not as an ownership interest in the trust estate securing the 2005 Series C Bonds or as an equity interest in the Agency or any other party, or in a separate association taxable as a corporation. **Interest on the 2005 Series C Bonds is**

includable in gross income for federal income tax purposes under Section 103 of the Code. Interest on the 2005 Series C Bonds will be fully subject to federal income taxation. In general, interest paid on the 2005 Series C Bonds and recovery of accrued market discount, if any, will be treated as ordinary income to a bondholder, and principal payments will be treated as a return of capital. The Code contains special federal income tax rules for “real estate mortgage investment conduits.” The Agency does not intend to treat the arrangement by which the trust estate secures the 2005 Series C Bonds as “real estate mortgage investment conduits.”

The 2005 Series C Bonds will not (a) represent interest in “qualifying real property loans,” within the meaning of Section 593(d) of the Code, (b) constitute “loans . . . secured by an interest in real property,” within the meaning of Section 7701(a)(19)(C)(v) of the Code, (c) constitute “real estate assets” or “Government securities,” within the meaning of Section 856(c)(4)(A) of the Code, or (d) constitute “Government securities,” within the meaning of Section 851(b)(3)(A)(i) of the Code. Interest on the 2005 Series C Bonds will not be considered “interest on obligations secured by mortgages on real property or on interests in real property,” within the meaning of Section 856(c)(3)(B) of the Code.

Market Discount. Any owner who purchases a 2005 Series C Bond at a price which includes market discount in excess of a prescribed *de minimis* amount (i.e., at a purchase price that is less than its adjusted issue price in the hands of an original owner) will recognize gain upon receipt of each scheduled or unscheduled principal payment. In particular, such owner will generally be required (a) to allocate each such principal payment to accrued market discount not previously included in income and to recognize ordinary income to that extent and to treat any gain upon sale or other disposition of such a 2005 Series C Bond as ordinary income to the extent of any remaining accrued market discount (under this caption) or (b) to elect to include such market discount in income currently as it accrues on all market discount instruments acquired by such an owner on or after the first day of the taxable year to which such election applies.

The Code authorizes the Treasury Department to issue regulations providing for the method for accruing market discount on debt instruments the principal of which is payable in more than one installment. Until such time as regulations are issued by the Treasury Department, certain rules described in the legislative history of the Tax Reform Act of 1986 will apply. Under those rules, market discount will be included in income either (a) on a constant interest basis or (b) in proportion to the accrual of stated interest. Pursuant to Revenue Procedure 92–67, an election to accrue market discount on a constant interest basis is irrevocable.

An owner of a 2005 Series C Bond who acquires such Bond at a market discount also may be required to defer, until the maturity date of such 2005 Series C Bond or its earlier disposition in a taxable transaction, the deduction of a portion of the amount of interest that the owner paid or accrued during the taxable year on indebtedness incurred or maintained to purchase or carry a 2005 Series C Bond in excess of the aggregate amount of interest (including original issue discount) includable in such owner’s gross income for the taxable year with respect to such 2005 Series C Bond. The amount of such net interest expense deferred in a taxable year may not exceed the amount of market discount accrued on the 2005 Series C Bond for the days during the taxable year on which the owner held the 2005 Series C Bond and, in general, would be deductible when such market discount is includable in income. The amount of any remaining deferred deduction is to be taken into account in the taxable year in which the 2005 Series C Bond matures or is disposed of in a taxable transaction. In the case of a disposition in which gain or loss is not recognized in whole or in part, any remaining deferred deduction will be allowed to the extent gain is recognized on the disposition. This deferral rule does not apply if the bondowner elects to include such market discount in income currently as it accrues on all market discount obligations acquired by such bondowner in that taxable year or thereafter.

Market Premium. A subsequent purchaser of a 2005 Series C Bond who purchases such 2005 Series C Bond at a cost greater than its then principal amount will be considered to have purchased such 2005 Series C Bond at a market premium. Under Section 171 of the Code, such a purchaser must amortize the amount of such market premium using constant yield principles based on the purchaser's yield to maturity. Amortizable market premium is generally treated as an offset to interest income, and a reduction in basis under Code Section 1016(a) of the 2005 Series C Bond is required for amortizable bond premium that is applied to reduce interest payments. Purchasers of any 2005 Series C Bond who acquire such Bond at a premium should consult with their own tax advisors with respect to the determination and treatment of amortizable premium for federal income tax purposes and with respect to state and local tax consequences of owning such 2005 Series C Bond.

Sale or Redemption of 2005 Series C Bonds. A bondowner's tax basis for a 2005 Series C Bond is the price such owner pays for the 2005 Series C Bond plus amounts of any original issue discount included in income, reduced on account of any payments received (other than "qualified periodic interest" payments) and any amortized premium. Gain or loss recognized on a sale, exchange or redemption of a 2005 Series C Bond, measured by the difference between the amount realized and the 2005 Series C Bond's basis as so adjusted, will generally give rise to capital gain or loss if the 2005 Series C Bond is held as a capital asset or ordinary income to the extent of accrued market discount that has not already been included in income.

Backup Withholding. A 2005 Series C bondowner may, under certain circumstances, be subject to "backup withholding" at a rate equal to the rate of the fourth lowest of income tax rates applicable to unmarried taxpayers (other than a "surviving spouse" or "head of household") with respect to interest or original issue discount on the 2005 Series C Bonds. This withholding generally applies if the owner of a 2005 Series C Bond (a) fails to furnish the Trustee or other payor with its taxpayer identification number; (b) furnishes the Trustee or other payor an incorrect taxpayer identification number; (c) fails to report properly interest, dividends or other "reportable payments" as defined in the Code; or (d) under certain circumstances, fails to provide the Trustee or other payor with a certified statement, signed under penalty of perjury, that the taxpayer identification number provided is its correct number and that the holder is not subject to backup withholding. Backup withholding will not apply, however, with respect to certain payments made to bondowners, including payments to certain exempt recipients (such as certain exempt organizations) and to certain Nonresidents (as defined below). Owners of the 2005 Series C Bonds should consult their tax advisors as to their qualification for exemption from backup withholding and the procedure for obtaining the exemption.

The amount of "reportable payments" for each calendar year and the amount of tax withheld, if any, with respect to payments on the 2005 Series C Bonds will be reported to the bondowners and to the Internal Revenue Service.

Foreign Bondowners. Under the Code, interest and original issue discount income with respect to 2005 Series C Bonds held by nonresident alien individuals, foreign corporations or other non-United States persons ("Nonresidents") generally will not be subject to the 30% United States withholding tax if the Trustee (or other person who would otherwise be required to withhold tax from such payments) is provided with an appropriate statement that the beneficial owner of the 2005 Series C Bonds is a Nonresident. The withholding tax may be reduced or eliminated by an applicable tax treaty, if any. Notwithstanding the foregoing, if any such payments are effectively connected with a United States trade or business conducted by a Nonresident bondowner, they will be subject to regular United States income tax, but will ordinarily be exempt from United States withholding tax.

ERISA. The Employees Retirement Income Security Act of 1974, as amended ("ERISA"), and the Code generally prohibit certain transactions between a qualified employee benefit plan under ERISA

or tax-qualified retirement plans and individual retirement accounts under the Code (collectively, the “Plans”) and persons who, with respect to a Plan, are fiduciaries or other “parties in interest” within the meaning of ERISA or “disqualified persons” within the meaning of the Code. All fiduciaries of Plans, in consultation with their advisors, should carefully consider the impact of ERISA and the Code on an investment in any 2005 Series C Bonds.

IN ALL EVENTS, ALL INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISORS IN DETERMINING THE FEDERAL, STATE, LOCAL AND OTHER TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE 2005 SERIES C BONDS.

General

From time to time, there are legislative proposals in the Congress that, if enacted, could alter or amend the federal tax matters referred to above or adversely affect the market value of the 2005 Series A/B/C/D Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. Purchasers of the 2005 Series A/B/C/D Bonds should consult their tax advisors regarding any pending or proposed tax legislation. The opinions expressed by Bond Counsel are based upon existing legislation as of the date of issuance and delivery of the 2005 Series A/B/C/D Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation.

Vermont Taxes

The Act provides that bonds and notes of the Agency, including the 2005 Series A/B/C/D Bonds, and the interest thereon, are at all times free from all Vermont taxation, franchise fees or special assessments except for transfer, inheritance and estate taxes. The 2005 Series A/B/C/D Bonds and the income therefrom may be subject to taxation under the laws of the states other than the State of Vermont

Owner and Manager

The project will be acquired by a partnership whose general partners are wholly owned subsidiaries of Housing Vermont and Lake Champlain Housing Development Corporation (whose management arm, Lake Champlain Housing Ventures, will be the project manager).

LINDALE MOBILE HOME PARK

General

Lindale Mobile Home Park is a 67-lot park located in Middlebury, Vermont. Until the purchase of the park by the Addison County Community Trust (ACCT), the park was owned privately and was not adequately maintained. ACCT acquired sufficient funding before closing to enable major renovations to the park to be made including the following: upgrading electrical services, replacement of the water main and individual services, drainage work to protect both existing septic systems as well as those slated for replacement, and repaving of the roads. The appraised value of the park is \$1,300,000.

Mortgage Loan

The project will be financed with a tax-exempt permanent Mortgage Loan provided by the 2005 Series B Bonds in the amount of \$1,085,000.

Owner and Manager

The project is owned and managed by Addison County Community Trust.

HARRINGTON APARTMENTS

General

Harrington Apartments is a 5-unit family housing project consisting of one building located in Burlington, Vermont. The building was constructed in 1875 and has been adequately maintained. In 1981 the then-owner converted the building into affordable housing using the HUD Section 8 New Construction/Substantial Rehab Program and Agency financing. Burlington Housing Authority (BHA) recently purchased the property from the owner. The loan made to BHA paid off the existing debt, and will provide approximately \$153,000 for rehab work that will include: heating and hot water heating replacement, new roof, clapboard repair and painting, structural repairs, site work improvements, and miscellaneous improvements. All five units have project-based Section 8 rental subsidies. The appraised value is \$270,000.

Income and Expenses

Net annual income, after vacancy allowances, is projected for year one at \$46,944. Annual operating expenses are projected at \$17,200 plus replacement reserves of \$1,500. The annual debt service expense is \$21,556. Net income to the project in year one is projected at \$6,688.

Mortgage Loan

The project will be financed with a tax-exempt permanent Mortgage Loan provided by the 2005 Series B Bonds in the amount of \$270,000. The Agency will also be providing a deferred loan at 0% interest in the amount of \$100,000. The deferred loan is coterminous with the first mortgage.

Owner and Manager

The project is owned and managed by Burlington Housing Authority.

BLACK RIVER OVERLOOK

General

Black River Overlook is a 25-unit family housing project located in Ludlow, Vermont. Five units have Section 8 housing subsidies. The Project was constructed in 1998, and originally financed under the RD 538 Guarantee Program. This financing will facilitate a transfer of the general partnership interest of the original, private owner/developer, to Housing Vermont. Rockingham Community Land Trust will continue as co-general partner with Housing Vermont. The Agency will be refunding the existing bonds outstanding on this project, extending the term to 30 years, and reducing the interest rate and improving operating cash flows.

Income and Expenses

Net annual income, after vacancies, is projected at \$180,950. Annual expenses are projected at \$145,466 plus replacement reserves of \$6,000. Net income before debt service, is \$29,484. The project has the benefit of an RD 538 subsidy payment in the amount of approximately \$10,000 a year which is being used to subsidize the rents on four units in the project, allowing units to be affordable to households at 60% of median income. The units subsidized with the RD 538 proceeds are in addition to the five Section 8 units.

Mortgage Loan

The project will be financed with a tax-exempt permanent Mortgage Loan provided by the 2005 Series C Bonds in the amount of \$311,000.

Owner and Manager

The project is owned by a tax credit limited partnership. The general partnership interest of the private owner/developer is being transferred to Housing Vermont. Management of the project has been recently assigned to North Country Management Corporation. Rockingham Community Land Trust will continue as co-general partner with Housing Vermont.

HEINEBERG SENIOR HOUSING

General

Heineberg Senior Housing is an 82-unit senior housing project consisting of one building located in Burlington, Vermont. It is on land owned by Chittenden County Senior Citizen Alliance, a nonprofit organization. The lease runs 28 years past the maturity date of the first mortgage, it is renewable, and the lease fee is zero. The project was originally built in 1989 and financed by the Agency. Cathedral Square Corporation (CSC), a nonprofit organization that develops and manages senior housing, recently purchased the property from the owner (a limited partnership at the end of its 15-year tax credit compliance period). The loan made to CSC paid off the existing debt, and will provide approximately \$425,000 for rehab work that will include: window replacement, accessibility modifications and trash and recycling center repairs. In addition, the new debt service payments are lower than the previous debt service payments, and with that savings, the owner plans to add social services to the development for the benefit of the elderly residents. The property appraised at \$4,300,000.

Income and Expenses

Net annual income, after vacancy allowances, is projected for year one at \$694,289. Annual operating expenses are projected at \$471,130 plus replacement reserves of \$32,800. The annual debt service expense is \$167,815. Net income to the project in year one is projected at \$22,543.

Mortgage Loan

The project will be financed with a tax-exempt permanent Mortgage Loan provided by the 2005 Series D Bonds in the amount of \$2,050,000. The Agency is providing a 5% interest deferred loan in the amount of \$1,781,452. This loan is coterminous with the first mortgage.

Owner and Manager

The project is owned and managed by Cathedral Square Corporation.

APPENDIX IV

SUMMARY OF SECTION 8 PROGRAM

Introduction

The United States Department of Housing and Urban Development (“HUD”), created by the Housing and Urban Development Act of 1965, is responsible for the administration of various federal programs authorized under the United States Housing Act of 1937, as amended (the “Housing Act”).

The following summary of the Section 8 Housing Assistance Payments Program (the “Section 8 program”) is not comprehensive or definitive and is qualified in its entirety by reference to the statutes, regulations and agreements referred to herein.

Section 8 Housing Assistance Payments Program

Section 8 of the Housing Act, as amended by the Housing and Community Development Act of 1974, established a federal housing assistance program of federal assistance for multifamily housing developments of the type that the Agency finances under its Program (each, a “Section 8 Development”). The Section 8 program involves the distribution of housing assistance payments to the owners of housing developments assisted under such program. The Section 8 program is administered on the federal level by HUD. The housing assistance payments program for each Section 8 Development is administered at the state level by the Vermont State Housing Authority, the Agency or both (collectively, the “Contract Administrator”).

Pursuant to regulations issued by HUD under the Section 8 program during the period 1975-1984, HUD granted “set-asides” for state housing agencies (i.e., reservations of annual housing assistance payments under the Section 8 program) which an agency, with HUD approval, can allocate to developments according to its own housing program. As provided in the regulations, HUD reserved a portion of such set-asides for the State of Vermont to be used in connection with the new construction or substantial rehabilitation of housing.

Eligible tenants for rental units assisted under the Section 8 program, as implemented by the Contract Administrator, are families with family income not in excess of 50% of the median income for the area in which the development is located, as determined by HUD and adjusted for family size. HUD regulations define the term “family” to include elderly, disabled, handicapped or displaced single persons and, under certain limited conditions, other single persons. In the State of Vermont, 50% of median income ranges from a low of \$19,550 per year for one person to a high of \$49,350 for a family of eight persons.

Section 8 housing assistance payments are provided, in the case of developments that are permanently financed by the Agency and that utilize a portion of the Contract Administrator’s annual set-asides of Section 8 contract authority, through an Annual Contributions Contract (“ACC”) between HUD and the Contract Administrator and a Housing Assistance Payment Contract (“HAPC”) between the Contract Administrator and the owner of the assisted development. Pursuant to the ACC, the Contract Administrator will receive an annual contribution from HUD, payable monthly in advance, with respect to each assisted dwelling unit and will, in turn, disburse monthly housing assistance payments to the owner of the development under the HAPC.

The amount of the subsidy payable to the Contract Administrator for the account of the owner under the HAPC is the applicable contract rent less the payment, if any, required to be made to the owner by the tenant as determined by HUD. The tenant payment is generally equal to 30% of family income. Present federal law directs HUD to mandate a minimum rent of between \$25 and \$50 for all tenants, and a minimum rent of up to \$50 for project-based Section 8 programs, such as the Section 8 Developments. HUD has implemented a \$25 minimum rent for most families (HUD Notice H 96-89). Thus, the total rental income from Section 8 housing units payable to or for the account of the owner is equal to the contract rent, part being paid by the tenants directly to the owner and the remainder being paid by HUD through the Contract Administrator to the owner in the form of HAPC Payments. The proportion of the contract rent actually paid by HUD and that actually paid by tenants will vary depending upon tenant income.

If a vacancy exists, other than as a result of action by the owner which is in violation of the lease, the owner will be entitled to housing assistance payments equal to 80% of the contract rent for a vacancy period not exceeding 60 days, so long as the owner diligently endeavors to fill the vacancy with an eligible tenant. Such payments for vacancies will be reduced to the extent the owner receives payment from the tenant for such vacancy period or the owner is otherwise entitled to payments from any other source, including a security deposit, for the vacant unit. In addition, if a unit continues to be vacant after this 60-day period, the owner may receive additional payments of up to one year for each vacancy equal to the principal and interest payments required to amortize the debt attributable to that unit, provided that (a) the unit is in decent, safe and sanitary condition during the vacancy period, (b) the owner has taken and continues to take all feasible actions to fill the vacancy, (c) the development is not providing the owner with revenues equal to costs incurred and the amount of the payments do not exceed the deficiency and (d) the owner submits a statement with supporting evidence satisfactory to HUD (or the Contract Administrator) that the development can achieve financial soundness within a reasonable time. HUD (or the Contract Administrator) may deny any claim for additional payments if it determines that, based on the owner's statement and other evidence, there is not a reasonable prospect that the development can achieve financial soundness within a reasonable time. Housing assistance payments are not payable with respect to units that are occupied by tenants who are not eligible for Section 8 assistance. However, if the dwelling unit is subsequently reoccupied by an eligible tenant, housing assistance payments will again become available to the owner unless the HAPC has been modified in the interim by deleting that dwelling unit from its coverage.

The Contract Administrator is permitted, but not required, to delete from the HAPC any units that the owner fails, for substantial periods of time, to lease or make available for lease by eligible tenants. The Agency's mortgage loan documents prohibit the owner from leasing more than 20% of the dwelling units to ineligible tenants without prior approval from the Agency.

HUD's Section 8 regulations and the ACCs provide that the initial contract rents for the assisted dwelling units in each development may be adjusted annually pursuant to a HUD-established automatic annual adjustment factor. Under the Housing Act, the annual adjustment factor is applied on the anniversary date of each HAPC, resulting in upward or downward adjustment, except that contract rents may not be reduced below the contract rents in effect on or after April 15, 1987, for newly constructed or substantially rehabilitated projects, unless the project has been refinanced in a manner that reduces the periodic payment of the owner. However, pursuant to several appropriations acts by Congress applicable to the 1995 and subsequent federal fiscal years and made permanent by legislation in 1997, contract rents may not be increased beyond HUD Fair Market Rents (as described below) plus the differential between the initial contract rent and comparable rents at the time of execution of the HAPC (the "Initial Difference"), unless the owner submits evidence of higher comparable market rents as determined by independent appraisals of at least three comparable local developments. Special additional adjustments may be approved by HUD to reflect actual and necessary expenses of owning and maintaining the

development that have resulted from substantial general increases in real property taxes, utility rates or similar costs (i.e., assessments and utilities not covered by regulated rates), but only to the extent that such general increases are not compensated for by the automatic annual adjustment. Adjustments, however, are limited to 120% of the HUD Fair Market Rents plus the Initial Difference. Present HUD policy also provides that the annual adjustment factors for Section 8 units which experienced no turnover in tenants since the preceding HAPC anniversary date will be one percentage point less than the annual adjustment factors that would otherwise apply. Consequently, there can be no assurance that increases in contract rents, if any, will result in revenues sufficient to compensate for increased operating expenses of the Section 8 Developments.

Each year, HUD publishes its determination of fair market rents (“HUD Fair Market Rents”). Such HUD Fair Market Rents constitute HUD’s determination of the rents, including utilities (except telephone), ranges and refrigerators, parking and all maintenance, management and other essential housing services, which would be required to obtain, in a particular market area, privately developed and owned rental housing of modest design with suitable amenities.

The following table sets forth the range of monthly rents for the Section 8 Developments effective on October 1, 2004 based on unit size and the current range of HUD Fair Market Rents in Vermont:

Range of Section 8 Development Monthly Rents and HUD Fair Market Rents

	One Bedroom	Two Bedrooms	Three Bedrooms
Section 8 Developments	\$438- \$956	\$482- \$1,049	\$541-\$1,187
HUD Fair Market Rents	\$443-\$640	\$495-\$810	\$625-\$1,040

There have been several court decisions with respect to the Section 8 program and the limitations on contract rent adjustments. The United States Supreme Court, in its 1993 decision, *Cisneros v. Alpine Ridge Group, et al.*, held that housing assistance payment contracts between private landlords and HUD did not prohibit the use of comparability studies with private market rents to impose an independent cap on formula-based rent adjustments. In a January 1997 decision, *National Leased Housing Association, et al., v. United States*, the United States Court of Appeals for the Federal Circuit upheld a decision of the Court of Claims that the “overall limitation” provision contained in the rent adjustment section in HAPCs (which states, in effect, that notwithstanding any other provision of the HAPC, adjustments provided for in that section of the HAPC shall not result in material differences between the rents charged for assisted and comparable unassisted units except to the extent that differences existed with respect to the contract rents set at contract execution or cost certification, as applicable) permits HUD to use comparability studies to decrease contract rents to eliminate material differences between rents charged for assisted and comparable unassisted units which are greater than the Initial Difference. In addition, the Court of Appeals affirmed the decision of the Court of Claims that HAPCs permit HUD to reduce rents below a previous year’s rent levels through the use of comparability studies, and that the Initial Difference is determined by the initial dollar amount and not by a percentage of the initial rents.

At this time, the Agency is unable to predict what actions, if any, HUD or the Congress will take in the future with respect to such rent adjustments. Actions by HUD in the future could have the effect of limiting upward adjustments in contract rents or of decreasing contract rents currently in effect to eliminate any material difference between the contract rents and rents charged for comparable unassisted units, except to the extent of the Initial Differences. Such actions, if taken, could adversely affect the ability of the owners of the Developments to pay principal and interest on the Mortgage Loans, which in

turn could adversely affect the ability of the Agency to make timely payments of interest and principal on the Bonds with amounts pledged under the Resolutions. Congress has passed legislation and HUD has implemented procedures to restrict contract rent increases above fair market rents for each fiscal year since 1995. Any of the actions mentioned above could adversely affect the ratings on, and the market price of, the Bonds, including the 2005 Series A Bonds and 2005 Series B Bonds.

The maximum total annual contribution that may be contracted for in an ACC will equal the initial gross rents for all assisted units in the development. If the amount of housing assistance payments actually disbursed under an ACC in any given year is less than the total available amount, the excess (initially an amount equal to the portion of the gross rents payable by the tenants) is available to be set aside by HUD in an account (the “project account”) for the particular development and will be available for future years to fund increases in contract rents for the development or decreases in family incomes. If and when a project account falls below 40% of the maximum annual commitment, HUD undertakes in the ACC to provide additional funding, to the extent permitted by law, in order to increase the maximum annual contribution payable under the ACC.

Subsection (c)(6) of Section 8 provides:

The Secretary [of HUD] shall take steps as may be necessary, including the making of contracts for assistance payments in amounts in excess of the amounts required at the time of the initial renting of dwelling units, the reservation of annual contributions authority for the purpose of amending housing assistance contracts, or the allocation of a portion of new authorizations for the purpose of amending housing assistance contracts, to assure that assistance payments are increased on a timely basis to cover increases in maximum monthly rents or decreases in family incomes.

In practice, HUD has not been replenishing the project accounts when the amounts in such project accounts have fallen below 40% of the maximum annual commitment, but has sought and received amendment authority from the Congress to enable it to discharge its obligations under the HAPCs and the ACCs.

Although the Section 8 housing assistance payments are made directly or indirectly to the owner and, in effect, represent rental income, the HAPC may, with HUD’s approval, be pledged by the owner to the Agency as mortgage lender on the development. All of the HAPCs covering the Agency’s Section 8 Developments have been so pledged. However, the owner will retain the right to collect such payments so long as the owner is in compliance with the provisions of the HAPC and the Agency’s Mortgage Loan documents. The Agency’s rights to receive Section 8 subsidy payments with respect to the developments have been pledged and assigned to the Trustee as part of the security for the Bonds. Under federal laws, the United States government may have the right to set off liabilities of the Agency to the United States against the payments under ACCs. Housing assistance payments by HUD do not terminate if the mortgage on the development goes into default, so long as the owner has not breached any of its obligations under the HAPC, including, among other responsibilities, its obligation to maintain and operate the development so as to provide decent, safe and sanitary housing. In the event of breach by the owner, HUD may abate or terminate housing assistance payments after giving the owner and the Contract Administrator an opportunity to take corrective action.

Developments Relating to HUD

In 1998 HUD was authorized to initiate a permanent program to restructure FHA-insured mortgage loans with expiring HAPCs; the most recent federal appropriations act applicable to HUD

permits such mortgages financed by state housing agencies (like the Agency) to be restructured but only if the same is not contrary to the terms of the mortgage agreements.

At this time, the Agency cannot predict the terms of further legislation, if any, which may be enacted which may restructure and change HUD, its administration and its programs (including the Section 8 program) and the funding of HUD and its programs. The Agency cannot predict whether any such legislation, if enacted, would adversely affect the ability of the Agency to make timely payments of principal and interest on the Bonds, including the 2005 Series A/B/C/D Bonds, with amounts pledged under the General Resolution.

APPENDIX V

FORM OF BOND COUNSEL OPINION

Vermont Housing Finance Agency
Burlington, Vermont

\$4,450,000 Vermont Housing Finance Agency
Multi-Family Mortgage Bonds,
2005 Series A, 2005 Series B, 2005 Series C and 2005 Series D

We have acted as Bond Counsel in connection with the issuance by the Vermont Housing Finance Agency (the "Agency") of its Multi-Family Mortgage Bonds, 2005 Series A in the aggregate principal amount of \$530,000 (the "2005 Series A Bonds"), 2005 Series B in the aggregate principal amount of \$1,430,000 (the "2005 Series B Bonds"), 2005 Series C in the aggregate principal amount of \$330,000 (the "2005 Series C Bonds") and 2005 Series D in the aggregate principal amount of \$2,160,000 (the "2005 Series D Bonds") (collectively, the "Bonds"). The Bonds are authorized to be issued pursuant to No. 260 of the Vermont Acts of 1973 (Adjourned Session), as amended (the "Act"), and under and pursuant to the Agency's Multi-Family Mortgage Bond Resolution adopted on February 3, 1977, as amended (the "General Resolution"), and the Agency's Resolution Authorizing the Issuance and Sale of a Maximum of \$25,000,000 of Bonds in One or More Series to Finance Multi-Family Projects adopted on December 16, 2004 (the "Series Resolution"). The General Resolution and the Series Resolution are referred to herein, collectively, as the "Resolutions."

The Bonds are being issued to provide moneys to fund additional Mortgage Loans to acquire, construct or rehabilitate multi-family residential housing located in the State of Vermont (the "State").

The Bonds are dated, mature in the years, in the respective principal amounts and bear interest at the rates per annum set forth in the Series Resolution. The Bonds are also subject to redemption prior to maturity upon the terms and conditions and at the redemption prices provided in the Resolutions.

In rendering this opinion, we have reviewed the Resolutions, along with certain other documents, certificates and other materials delivered in connection with the issuance of the Bonds. The Agency has covenanted in the Resolutions to do all things necessary to assure that interest on the 2005 Series A Bonds, the 2005 Series B Bonds and the 2005 Series D Bonds is excludable from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and the regulations promulgated thereunder. Certain requirements must be met subsequent to the delivery of the 2005 Series A Bonds, the 2005 Series B Bonds and the 2005 Series D Bonds in order that interest on the 2005 Series A Bonds, the 2005 Series B Bonds and the 2005 Series D Bonds be tax-exempt. Certain covenants of the Agency and other parties, as well as affidavits and other procedures, are set forth in the documents relating to the issuance of the 2005 Series A Bonds, the 2005 Series B Bonds and the 2005 Series D Bonds and the Agency's multifamily program to comply with the requirements of the Code. We have examined such documents and such covenants, affidavits and other procedures and are of the opinion that they are sufficient to enable the Agency to comply with the requirements of the Code.

Based on the foregoing, it is our opinion that:

1. The Agency is duly created and validly existing under the Act as a body politic and corporate of the State of Vermont and has the right and power under the Act to adopt the Resolutions and to authorize, issue and deliver the Bonds.

2. The Resolutions have been duly and lawfully adopted by the Agency, are in full force and effect and are valid and binding upon the Agency and enforceable in accordance with their terms, and no other authorization for the Resolutions is required. The Resolutions create the valid pledge which they purport to create of the Mortgage Loans, and the documents evidencing such Mortgage Loans, and the rights of the Agency incident thereto and all Revenues, Prepayments, Recovery Payments, Acquired Development Operating Income (as defined in the Resolutions) and all moneys and securities in all funds and accounts (except the Rebate Fund) created by or pursuant to the Resolutions (except Escrow Payments and the Multi-Family Escrow Payment Account), subject only to the provisions of the Resolutions permitting the application of amounts held thereunder for the purposes and on the terms and conditions set forth in the Resolutions.

3. The Bonds have been duly authorized, executed, issued and delivered by the Agency in accordance with the Act and the Resolutions and constitute valid and binding general obligations of the Agency, which has no taxing power, enforceable in accordance with their terms and the terms of the Resolutions and entitled to the benefits of the Act and the Resolutions. The Bonds are payable out of any of the Agency's revenues, moneys or assets, subject only to agreements theretofore or thereafter made with holders of notes and bonds other than the Bonds pledging particular revenues, moneys or assets for the payment thereof. The Bonds do not constitute a debt, liability or obligation of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any political subdivision, but shall be payable solely from the revenues or assets of the Agency pledged to the payment thereof.

4. The Agency in the General Resolution has validly covenanted to do all acts and things necessary to receive and collect Revenues and to annually make and deliver to the Governor or the Governor-elect, the President of the Senate and the Speaker of the House of the State, in compliance with the provisions of the Act, the certificate stating the amount, if any, required to restore the Debt Service Reserve Fund to an amount equal to the Debt Service Reserve Requirement. The State, by its General Assembly, is legally authorized, but not legally obligated, to appropriate annually such sum as shall have been so certified by the Chairman of the Agency as necessary to restore the Debt Service Reserve Fund to an amount equal to the Debt Service Reserve Requirement.

5. Assuming continuing compliance with covenants by the Agency set forth in the Resolutions and other documentation related to the 2005 Series A Bonds, the 2005 Series B Bonds and the 2005 Series D Bonds, all as described above, under existing laws, regulations, rulings and judicial decisions, interest on the 2005 Series A Bonds, the 2005 Series B Bonds and the 2005 Series D Bonds is excludable from gross income for federal income tax purposes, except for interest on any 2005 Series A Bond for any period during which it is held by a "substantial user" of any facilities financed or refinanced with the 2005 Series A Bonds or a "related person," as such terms are used in Section 147(a) of the Code. Interest on the 2005 Series B Bonds and the 2005 Series D Bonds is not, but interest on the 2005 Series A Bonds is, a specific tax preference item for purposes of calculating the alternative minimum tax imposed on individuals and corporations under the Code. However, interest on the 2005 Series B Bonds and the 2005 Series D Bonds is included in a corporation's "adjusted current earnings," and the alternative minimum taxable income of certain corporations must be increased by 75% of the excess of such corporation's "adjusted current earnings" over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). Except as expressed in the following two paragraphs, we express no opinion regarding any other federal income tax

consequences arising with respect to the 2005 Series A Bonds, 2005 Series B Bonds or 2005 Series D Bonds.

Under existing laws, regulations, rulings and judicial decisions, interest on the 2005 Series C Bonds will not be excludable from gross income for federal income tax purposes.

The accrual or receipt of interest on the Bonds may otherwise affect the federal income tax liability of the recipient. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. We express no opinion regarding any such consequences.

The foregoing opinions are qualified only to the extent that the enforceability of the Bonds and the Resolutions may be limited by the exercise of judicial discretion in accordance with general equitable principles and by bankruptcy, insolvency, reorganization, moratorium and other laws affecting creditors' rights generally heretofore or hereafter enacted to the extent constitutionally enforceable.

The scope of our engagement has not extended beyond the examinations and the rendering of the opinions expressed herein. The opinions expressed herein are based upon existing law as of the date hereof, and we express no opinion herein as of any subsequent date or with respect to any pending legislation.

Very truly yours,
